SKILLS

- HTML
- CSS
- JavaScript
- Php
- WordPress
- Bootstrap

EDUCATION

- BSCS | Virtual University (2022-Current)
- Fsc Medical (Inter) | Govt PST College Kamalia (2020-2022))

EXPERIENCE

- **Front End Developer | Coding Force** (June 2024- Current)

At Coding Force, I specialized in creating responsive web interfaces with HTML, CSS, JavaScript and Php. I collaborated with designers to transform mockups into functional pages, using Bootstrap for styling and JavaScripts for enhanced interactivity and usability across all devices.

ACADEMIC PROJECTS

1. Easy Calculator

Easy Calculator is a responsive platform where you can find 100+ calculators with different categories i.e health calculators. You can check it on easycalculator.tech

2. Fotawp - Tech Services Agency

Fotawp is a responsive platform for tech services, built with HTML, CSS, Bootstrap and JavaScript featuring secure user authentication.

HOBBIES

- **Fitness** - Staying active and exploring different workout routines to maintain health and wellness.
- **Influencing** - Engaging and inspiring others through content creation, sharing experiences, and connecting with a community.
